Forest Ecology and Management, 63 (1994) 387–388
Elsevier Science B.V.

Contents of *Forest Ecology and Management*, Volume 63

VOL. 63 NO. 1 JANUARY 1994

Three-year growth and stability of Honduran provenances and families of *Pinus tecunumanii*
W.S. Dvorak and K.D. Ross (Raleigh, NC, USA) 1
A study of wind damage on *Pinus patula* stands in Southern Tanzania
P.K.T. Munishi and S.A.O. Chamshama (Morogoro, Tanzania) 13
Models for describing basal diameter and vertical distribution of primary branches in young Douglas-fir
D.A. Maguire (Seattle, WA, USA), M. Moeur (Moscow, ID, USA) and W.S. Bennett (Seattle, WA, USA) 23
The effect of human activity on the structure and composition of a tropical forest in Puerto Rico
D.C. García-Montiel and F.N. Scatena (Río Piedras, PR, USA) 57

Book Reviews
Forest dynamics 79
Ecology of woodlands and forests 82

Forthcoming Papers in Vol. 63, Nos. 2–3 85

Announcement from the Publisher 86

VOL. 63 NOS. 2–3 FEBRUARY 1994

Nitrogen uptake of Norway spruce (*Picea abies* Karst.) seedlings from simulated wet deposition
I. Lumme (Vantaa, Finland) 87
Woodland pattern and structure in a peasant farming area of Zimbabwe: ecological determinants and present and past use
J. McGregor (Oxford, UK) 97
Eucalyptus genetic improvement in Madagascar
V. Lebot (Toamasina, Madagascar) and L. Ranaivoson (Antananarivo, Madagascar) 135
Relationship between foliar nutrient concentrations and growth of hybrid larch (*Larix*×*eurolepis* Henry)
L.E. Pâques (Ardon, France) 153
Predicting potential transpiration of singleleaf pinyon: an adaptation of the potometer method
T.R. De Rocher and R.J. Tausch (Reno, NV, USA) 169
Litterfall dynamics and ecosystem recovery during forest development
J.W. Hughes (Burlington, VT, USA) and T.J. Fahey (Ithaca, NY, USA) 181
Scalping and burning of *Kalmia angustifolia* (Ericaceae) litter: effects on *Picea mariana*

establishment and ion leaching in a greenhouse experiment
M. Prévost (Sainte-Foy, Qué., Canada) 199
CAMCORE: Twelve years of contribution to reforestation in the Andean region of Colombia
M. Endo (Raleigh, NC, USA) 219
Influence of dormancy induction treatments on the photosynthetic response of field planted western hemlock seedlings
J.E. Major, S.C. Grossnickle (Vancouver, B.C., Canada) and J.T. Arnott (Victoria, B.C., Canada) 235
The disturbance of forest ecosystems: the ecological basis for conservative management
P.M. Attiwill (Parkville, Vic., Australia) 247
Ecological disturbance and the conservative management of eucalypt forests in Australia
P.M. Attiwill (Parkville, Vic., Australia) 301
Effects of salinity on germination and seedling growth of *Prosopis flexuosa* (D.C.)
L. Catalán, M. Balzarini, E. Taleisnik, R. Sereno and U. Karlin (Córdoba, Argentina) 347
Populations of spores of vesicular-arbuscular mycorrhizal fungi in undisturbed soils of secondary semideciduous moist tropical forest in Cameroon
M. Musoko (Ibadan, Nigeria), F.T. Last (Edinburgh, UK) and P.A. Mason (Penicuik, UK) 359
